PROJECT EXPERIENCE

MeMo.io - Nov/2017 - Orlando, FL

- Developed the adoption and integration of React for a complex memory web app.
- Full stack development using Node.js, Express, React, and MongoDB.

Pay-it-Forward - Oct/2017 - Orlando, FL

- Conceptualized and developed the UI / UX using EJS and Bootstrap
- Developed & maintained a reusable components repository.

SIDE PROJECTS

Portfolio chatbot: A personal assistant, voice activated or text which it answers personal questions about my resume, work experience, skills, etc. This project is just about me trying to explore patterns in speech and setting up some rules that allow me to deconstruct a sentence and come up with a reply. <https://gastonmazza.herokuapp.com>
